EXPECTS TO TRANSFER ELK

Permission from the government or the state of Wyoming is necessary for the moving of the big herd of elk from Wyoming into Colorado, according to "Buffalo" Jones of Las Vegas. Colonel Jones has been mentioned as the man most likely to be entrusted with the task of moving the animals. He said this morning that he probably would take charge of the herd if permission to transfer them is given.

For several winters elk have died in large numbers in Wyoming for lack of feed. Citizens of Colorado, wishing to preserve the American elk, have started a movement to transfer several hundred of the animals to the foothills of that state. "Buffalo" Jones, having had more experience in the handling of animals than perhaps any other man in the United States, was the first person thought of as competent to move the elk with safety. Colonel Jones says an effort is being made to obtain permission to move the animals.

CELEBRATE 60TH ANNIVERSARY OF MARRIAGE

MR. AND MRS. THOMAS W. GARRARD WEDDED OVER HALF A CENTURY AGO.

Yesterday was a happy day for Mr. and Mrs. Thomas W. Garrard, of 828 Eighth street, as it marked the completion of sixty years of happily married life. Mr. and Mrs. Garrard possess many happy memories of the years they have spent as husband and wife and the day would have been a joyous one had they spent it alone with their pleasant recollections. Mr. and Mrs. Garrard, however, possess many warm and true friends, who called upon them and wished them many more happy years. But it was not until the evening that the happiest event of the day occurred. A committee selected from the members of Chapman lodge, Ancient, Free and Accepted Masons, called unexpectedly at the Garrard home. After hearty congratulations had been given the Masons presented Mrs. Garrard with a handsome gold mounted parasol and Mrs. Garrard with a gold headed cane. Mr. and Mrs. Garrard were completely surprised but were able to make short speeches of appreciation. In presenting the gifts the Masons read an eloquent tribute to Mr. and Mrs. Garrard, which had been prepared by one of their number.

Mr. and Mrs. Garrard were married in Paris, Ky., sixty years ago. They have resided in Las Vegas many years, their residence in New Mexico covering a period over thirty years in length. They are among the most respected people in this city. Mr. Garrard has been a Mason for over forty years and is one of the most esteemed members of Chapman lodge. Mr. and Mrs. Garrard are the parents of five children, four of whom are living. The people of Las Vegas join with the Masons in wishing Mr. and Mrs. Garrard many more years of happy married life.

MAN ACCIDENTALLY SHOT

Struck squarely in the face by a bullet from a rifle in the hands of Juan Silva, Jr., and Miguel Sena, two boys about 13 years old, Pedro Antonio, an employee of Secundino Romero, was painfully but not seriously injured yesterday afternoon. Antonio had gone into the pasture near the Romero home on the Boulevard to drive in a herd of cows. The boys were shooting in the same pasture. Not being aware of the presence of Antonio they fired several times in his direction. A bullet, nearly spent, struck Antonio on the left side of the face and inflicted a slight wound. Blood flowed freely and Antonio became convinced he was nearly killed. Deputy Sheriff Pedro Quintana was notified. He took the boys in charge and assisted Antonio to his home. The boys, when it was discovered they had shot Antonio accidentally, were released. The rifle used was of .22 caliber.

CONTRACT IS LET FOR MODERN THEATER

CHRIS WIEGAND TO BUILD MODERN PICTURE PLAYHOUSE ON DOUGLAS AVENUE

The contract for the building to be built by Chris Wiegand to be occupied by a picture show, which will be run by George Hardin, has been let to Contractor J. K. Martin. The ground adjoining the alley between Sixth and Seventh streets will be broken tomorrow morning for the foundation and basement.

The building will be a fire proof structure, constructed of brick. It will be 40x62½ feet, with a seating capacity of 400. The front of the building will be constructed of pressed brick and galvanized iron. At each side of the entrance will be double brick piers with panels for the display of posters. The main entrance is to be a vestibule 20 by 5 feet with a ticket window in the middle and double action doors on each side, the one on the right for entering and that on the left for the exit.

The main floor of the theatre is to have a fall of three feet in the sixty, which will make the stage visible without stretching one's neck to avoid the hats of the ladies in front. The fall runs to within six or seven feet of the stage, leaving ample space for the pit for the orchestra.

The stage which is 10x20 feet will be completely fitted, so as to make it excellent for vaudeville. To take the place of the usual curtain the rear wall of the stage will be treated with a preparation that makes it far superior to the usual curtain and in a manner after the style approved by modern photoplay managers. To each side of the stage space has been left for dressing rooms.

The auditorium will be well ventilated, having 30 running feet of ventilators in the roof and four windows on either side. For fire protection, three fire proof exits have been arranged, two on the alley side and one on the east. The box for the film operator is especially designed to make the handling of the pictures easy and rapid and is to be constructed of galvanized iron which adds to the safety of the theater.

FARCE BALL GAME DISAPPOINTED FANS

MANAGEMENT CRITICIZED FOR STAGING EXHIBITION AT REGULAR PRICES.

Yesterday's ball game at Amusement park between the Maroons and the Railroaders resolved itself into a corner lot exhibition that disappointed a large crowd of fans who journeyed to the ball grounds expecting to see at least a ball game worth the money. To make matters worse, the regular prices of admission were charged and for this was the management especially criticized.

The Maroons defeated the Railroaders by a score of 17 to 2. The Maroons played out of their positions. The only feature of the game was the umpiring of Nelson, who is almost as good with the indicator as Jim Duncan is at ball playing. Wilson was in the box for the Maroons, while Harmon, Atkins and Edburn took turns on the mound for the railroaders.

It was announced today that Acting Manager D. W. Lee would leave Thursday evening for Albuquerque, accompanying the Maroons there for the opening of the Las Vegas-Albuquerque series to be played there Friday, Saturday and Sunday. Return games will be played here the week following. If harmony prevails and the games are creditable exhibitions of the national sport, it is not unlikely the Maroons will be held together for the state fair tournament at Albuquerque in October.

Arrangements are being made to have Raton play here Tuesday, Wednesday and Thursday of next week. Dawson is reported to have disbanded for the season following the Labor Day game yesterday with Raton.

MONUMENT FOR RAILROAD MAN. Colorado Springs, Colo., Sept. 5.—Arrangements for a memorial tablet to the late Charles E. Perkins, former president of the Chicago, Burlington and Quincy railroad, to be affixed to one of the massive rocks that form the famous gateway to the Garden of the Gods, were completed here yesterday.

FARMERS WILL SOON BE TRUSTS' SUBJECTS

SO ASSERTS PRESIDENT OF NATIONAL FARMERS' UNION AT ANNUAL MEETING

Shawnee, Okla., Sept. 5.—That the farmers of America will be owned and controlled by the trusts within the next thirty years if they do not co-operate and conserve their efforts, was the warning issued today by President T. J. Brooks of Tennessee, in his response to the address of welcome at the opening session of the National Farmers' union.

Mr. Brooks spoke at length on his theme of co-operation. He declared that farmers must immediately change their business methods and assist each other or they will soon be the playthings of the interests. Brooks pointed out that the farmers are losing a billion dollars annually in the value of their holdings while the trusts, on the other hand, are gaining a like sum.

United States Senator T. P. Gore following Brooks, took up the cudgel for co-operation and his speech was confined mostly to amplifying the statements of Brooks.
